Sarah Cattie shared information with the group regarding adding information about law enforcement stops to the Driver's Education curriculum. North Carolina recently adding this to their curriculum.

Scott affirmed that this is already in process for Delaware and will be in the driving manual for the coming year.

Individual Member Updates:

Scott Vien – Looking to update the DMV teen site with some information from OHS and link to the OHS website.

Michael Wagner – Working on finalizing the flier for the Ford Driving Skills for Life video contest. Students will be asked to create videos as a "how to" for a traffic stop and how to interact with law enforcement during a stop. Students will be eligible for both a \$1,000 prize and a second place \$500 prize. Prizes will be awarded in each county and the submissions will be due at the end of March.

Revisiting an earlier discussion about an insurance discount, Michael wants to approach the Insurance Commissioner to see if the combination of a completed driver's log and a completed GDL POP could result in a discount on insurance. There is no incentive right now, and many times, an incentive is more favorable than a penalty. Scott will see about setting up a meeting with the Insurance Commissioner.

The next Teen Driver Task Force Meeting will be held on May 1st at 9 am in the OHS Conference Room. An invitation will follow via Outlook.
